Good afternoon Pieter,

I hope this email finds you well.

Kapp Environmental Consultants is currently undertaking the Regulation 34 External Audit for the Upgrade of the Existing Pinnacle Point Wastewater Treatment Works. As part of our checklist, we need to confirm that a notification of the EA was sent to the I&APs. The current ECO - HillLand Environmental do not have the I&AP Notification or the I&AP database.

Could you please be so kind as to provide me with those two?

Also, the EMPr is labelled as DRAFT, was a final EMPr accepted? and could you possibly provide me with that proof if necessary?

Kind regards, and thank you
