Dear Anje,

Hope you are doing well.

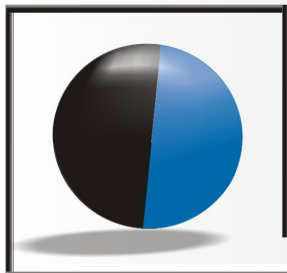

Attached to this email please find San Marino's notification of commencement that has been sent to DEADP for your records. San Marino intends to start with the rescue of Zostera rhizomes and Knysna Seahorses (if there are any) before the start of the 2023 Easter Holidays. Physical riverbank maintenance activities will start after the holiday.

In order to register the current mooring in accordance with the Municipal By-Laws can you please send us the relevant forms?

Have a lovely day

Kind regards / Vriendelike groete,

Inge Delport
